UK

Dear Distributor,

Colortrac ceased volume manufacture and sales of Colortrac Series Gx scanner models in February 2009 and therefore this scanner range will be end-of-life (no longer supported) after 31st Jan 2014

This letter provides advance notice of this change in status and should you wish to purchase spare parts for this scanner model range we advise that you do so as soon as possible.

As this is now no longer support, we recommend contacting Reprotect Ltd, who may be able to assist. Please e-mail support@reprotect-ltd.co.uk

Orders for Colortrac Gx spare parts will not be accepted by Colortrac after 31st Jan 2014 (*date now expired*)

Should we receive requests for support from the field for these products after the above date, your Colortrac sales manager will contact you to discuss what other options might be available to provide a solution

Lead-time and price will be confirmed on application.

Please be aware of the minimum order amount of £50, 75Euro, & \$100.

Thank you and best regards.
